

BSA System outages will affect online resources

On most weekends during January through March, the availability of BSA systems will be affected as the National Council facilitates multiple council mergers, consolidations, and the creation of a new council structure in Michigan.

If you are a BSA volunteer using MyScouting**, you will be unable during these hours to upload membership information to begin processing Internet Advancement and Internet Rechartering. Volunteers may continue online by loading the unit information prior to 9 p.m. CST on Fridays. Submittals may still occur if the membership information was uploaded.

Dates and Maintenance Hours (all times are CST):

Jan. 27-28: 9 p.m. Friday through 8 a.m. Saturday
Feb. 10-12: *9 p.m. Friday through 6 p.m. Sunday
Feb. 17-18: 9 p.m. Friday through 8 a.m. Saturday
Feb. 24-25: 9 p.m. Friday through 8 a.m. Saturday
March 16-17: 9 p.m. Friday through 8 a.m. Saturday
March 23-24: 9 p.m. Friday through 8 a.m. Saturday

*System will be down an additional 10 hours this weekend, compared to other weekends.

****Please note: this system maintenance will not impact www.quivira.org.**

This is maintenance for www.myscouting.org only.
